

Main Data:

| | |
|------------------------------------|--------------------|
| Gross Tonnage | 941 |
| Length | 154 ft. |
| Breadth | 52 ft. |
| Depth | 8.5 ft. |
| Freeboard | 4 ft. |
| Draft | 4.5 ft. |
| Type of Crane | Clyde 28 |
| Environmental Bucket Capacity | 27 yd ³ |
| Sand/Hard Material Bucket Capacity | 13 yd ³ |
| Heavy Duty Bucket Capacity | 8 yd ³ |
| Max. Dredging Depth | 100 ft. |
| Total Installed Horsepower | 2,000 hp |
| Crane Engine Power | 1,080 hp |
| Positioning Equipment | Dredgepack® System |

Construction/Classification:

| | |
|---------------|--|
| Year Built | 2010 |
| Certification | ABS Classed/All Oceans ABS International Loadline |

Applications:

- Maintenance Dredging
- Pier & Dock Excavation
- Channel Excavation
- Harbor Excavation

Additional Features:

- Equipped to dig using spuds for deep water or offshore applications
- Equipped with a 4-point mooring system
